MSTS SERIES
MANUAL SHUTTLE FILM TO TRAY FOOD PACKAGING MACHINES

YOUR MARKET ... OUR SOLUTIONS

Starview's **MSTS Series** fare designed and competitively priced for "fresh counter" packaging, typically a clear or printed film to a preformed tray for food manufacturing companies, catering, grocery stores, delicatessens, etc. The **MSTS Series** is ideal for low to medium production. This series machines can adapt to seal for a wide range of product tray sizes by simply changing the tooling. The **MSTS Series** machines trim the fillm to the profile of the tray and automatically rewind the scrap web. The **MSTS Series** sealers will provide years of dependable performance with a minimum of maintenance.

For machines capable of higher production rates please consider Starview's **MRTS, RTS** and **AITS** Series machines.Where modified atmosphere packaging for extended shelf life is needed consider any of the machines with MAP capability.

the STARVIEW ADVANTAGE

- A wide range of standard and custom features available to match customer requirements.
- Uses quick-change anodized aluminum tooling.
- Models available with and without modified atmosphere protection (MAP) capability.
- Convenient touch panel controls for operator convenience, accessibility and process repeatability.
- Automatic film feed, seal & trim and scrap rewind for clear or random print film. Registered print film feed optional.
- Stainless steel wash down construction to allow cleaning in a food handling environment.
- Industry leading design, construction, features and customer support.
