As of October 15th we still had 30 free admissions to PackExpo remaining. If you are coming to PackExpo and still need free registration for the exhibits we recommend taking advantage of this offer before the remaining passes are taken. If you need another copy of the invitation PDF please contact Steve Bates steve@starview.net.

New Touch Screens and Programs for all machines using PLC's.

We have upgraded all of our Touch Screens and PLC's to the latest generation offered by Omron. A few of the key changes to Starview's Machines include:

All PLC Machines

- ★ All machines using touch screens will now have full Color screens
- ★ Time and date displayed on all screen pages
- ★ New "Monitor" page will give important operating details at a glance
- ★ New "Production Count" page keeps track of machine cycles as well as finished package count
- ★ Full Job Recipe storage with memory for up to 100 different recipes
- ★ "History" page with last 200 cycles stored and displayed with time and date stamp
- ★ Last 1000 alarms stored and displayed with time and date stamp
- ★ Changes to screens and PLC updates can now be made by Starview supplied SD memory card

Blister & Clamshell Sealing Machines

- ★ Machine standby mode. 7 day programmable schedule allows automatic machine start-up and shut down
- ★ Starview's exclusive selectable sealing station program allows the use of one through all sealing fixtures with operator selected start position from graphic touch screen program. For example, a six station machine could run 1, 2, 3, 4, 5 or 6 sealing fixtures as selected by the operator.

Skin Packaging Machines

- ★ Starview's exclusive three-stage turbine vacuum control now standard
- ★ Heater oven watt-density adjustable from the touch screen for all models

All of our quotation/specification templates have been updated to reflect these changes. Make certain you visit us at PackExpo to experience first hand operation of the new controls.

Let Starview assist your customers with machines designed to make the total manufacturing process more effective. Contact one of our sales staff for packaging solutions to help your customers reduce cost and stay competitive.
