

November-December 2009 Newsletter

Season's Greetings.

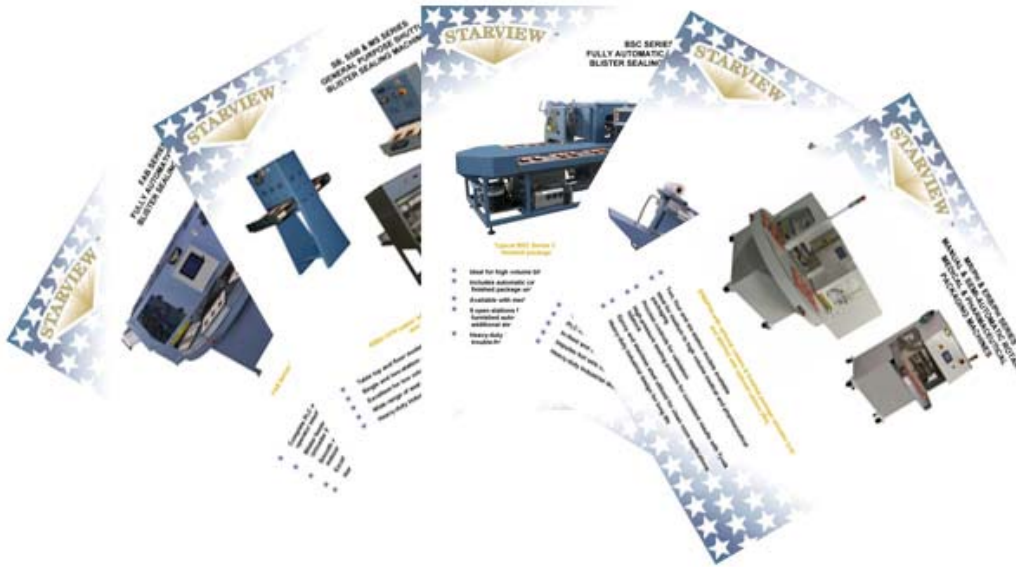

Starview Packaging Machinery, Inc. would like to take this opportunity to wish everyone a Happy Holiday Season and a Prosperous 2010.

As in the past our production facility will be closed beginning December 21<sup>st</sup> and will re-open January 4, 2010. We will have a minimum staff on hand to provide quotations, answer questions and ship emergency repair parts.

Please keep in mind that deliveries in our quotations are expressed in working weeks. The weeks of December 21<sup>st</sup> and December 28<sup>th</sup> are not considered working weeks.

## New Brochures with embedded video.

Starview has just completed an update to its brochures. Video has now been embedded into the photograph on page two of our new brochures. All of these new brochures have been posted on our website. File sizes range from 2 MB to 7 MB. We suggest saving the brochure to your hard drive and then play the video. If you choose to print the brochure, page two will print the photograph that you see before launching the video.

Videos are specific to the product series in the brochure. This should assist your clients in gaining a better understanding of the operation of each machine type.

**Let Starview assist your customers with machines designed to make the total manufacturing process more effective. Contact one of our sales staff for packaging solutions to help your customers reduce cost and stay competitive.**
