DESCRIPTION:

Starview's IF Series automatic vacuum formers are designed for medium to higher run vacuum forming applications. The **IF Series** machines will form most common materials such as PVC, PET, Polystyrene, ABS, etc. The **IF Series** is offered with a standard form area 25" x 40" as well as custom sizes to meet customer requirements. These machines can increase production up to 80% over typical single moveable oven type vacuum formers. Features such as Plug/grid assist, Male/female mold capability and inline preheat systems increase the versatility of this machine.

For machines with higher production capacity and inline die cutting please consider Starview's **IPV Series** pressure forming machines.
