## EXPERIENCE THE STARVIEW ADVANTAGE:

- A wide range of standard and custom automation features available to match customer requirements.
- ANSI Class 4 machine safety for operator protection.
- Color touch screen HMI for the ultimate in operator convenience and accessibility. Includes storage for 99 databases and on-screen data tracking.
- A Starview exclusive remote access via standard Ethernet hardwire or optional Wi-Fi router gives management access to real-time process information from the machine.
- Standard cooling blowers and optional plug/grid assist and water-cooled mold plate provide increased machine versatility and productivity.
- Industry leading design, construction, features and customer support.

### DESCRIPTION:

**Starview's SAT Series** semi-automatic vacuum formers are designed for low to medium run thermoforming as well as mold sampling. The **SAT Series** machines will form most common materials such as PVC, PET, Polystyrene, ABS, etc. The **SAT Series** is offered with standard form areas of 20" x 30", 25" x 30", 25" x 40" and 30" x 36" as well as custom sizes to meet customer needs.

For machines with increased production capacity and inline die cutting please consider Starview's **FOM Series, IF Series or IPV Series** thermoforming machines.
